# Welcome to Hemophilia of Indiana

Mission Statement-Hemophilia of Indiana, Inc. is dedicated to empowering the bleeding disorder community through education and support, while advocating access to quality care and product safety.

Hemophilia of Indiana, Inc. traces its beginnings to the mid-1950s when families with children with hemophilia and other bleeding disorders banded together for support and advocacy. HOII was formed as a chapter of the National Hemophilia Foundation in 1963 and was incorporated as a non-profit organization in 1972. We are affiliated with the National Hemophilia Foundation, the Hemophilia Federation of America, and Community Health Charities of Indiana. Today we serve more than 1,200 people and their families throughout the State of Indiana.
