

Course to a Cure Golf Outing

Hemophilia of Indiana's 26th annual Course to a Cure golf outing on June 24th was rescheduled due to heavy rains. The new date is Wednesday July 21st , 2010 at Maple Creek Country Club. Teams may still enter to play on the 21st. Call our office for registration details. Indiana Hemophilia & Thrombosis Center and Baxter have generously agreed to serve as the event's title sponsors. Hemophilia of Indiana would like to invite your organization to join us for a day on the links with friends, lunch from the grill, cocktails, and Jug's famously delicious catering followed by a live auction. The Course to a Cure golf outing is a great opportunity for you to have fun while supporting a worthy cause.

Hemophilia is the most expensive chronic condition to treat, costing upwards of \$250,000 per year and affecting approximately 1,200 Hoosiers. Currently there is no cure. Hemophilia of Indiana has a 48 year history of serving those affected by bleeding disorders in Indiana but in order to ensure that we can continue to meet the needs of this community, we need your help. Our goal this year is to raise \$50,000 to support patient services in 2010 and with your support, we are confident that we will reach this goal.

There are many different ways you and your organization can help to insure the success of this year's outing. Whether you are interested in donating an item for our auction or would like to join us on the course, please take a moment to review the attached registration forms and sign up TODAY! If you are unable to join us on the links, please consider participating in our Golf Ball Drop, see sponsor page for details, or take advantage of our Dinner and Auction option and join us for the evening festivities.

Thank you for your generous support and we look forward to seeing you at Course to a Cure.

Andrew VanGordon

Executive Director
